RE: Letter of Reference for Surge Oilfield Solutions

To whom it may concern,

Surge Oilfield Solutions employees, Jesse Sievers and Serge Doucet were Subcontracted to assist KBR in the Ameron FRP pipe fabrication (bonding) for our Kearl Lake Oil Sands Module Project in March and April 2011. With their past experience in FRP bonding, they proved to be an asset during this critical stage of module construction. Their expertise and knowledge combined with a great attitude and willingness to work were invaluable to KBR.

KBR would recommend this company, and specifically these individuals, for any future FRP pipe fabrication. If you have any questions, comments, or concerns please do not hesitate to contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mike Beaumont', with a long horizontal flourish extending to the right.

Mike Beaumont
