

CONSTRUCTION LEADERS

August 14/12

**RE: Utilities Project
Kearl Oil Sands**

To Whom It May Concern,

Surge Oilfield Solutions (SOS) was contracted to provide FRP jointing services for our Kearl Oil Sands Project, SOS has performed their work with zero safety incidents while providing a quality job requiring minimal oversight. SOS worked well with our other disciplines and I would recommend them for future work.

Yours Truly,

A handwritten signature in black ink that reads 'Alan Bevan'.

Alan Bevan,
PCL Construction Manager
PCL Industrial Management Inc.
